This chapter contains Virginia’s general animal protection and related statutes with an effective date on or before September 1, 2020. It begins with a detailed overview of the provisions contained in these laws, followed by the full text of the statutes themselves. The various provisions are organized into categories with the relevant part of each statute italicized.

Virginia may employ similar provisions within other non-animal-specific criminal and civil statutes; may have other more specific statutes in addition to those included; and may have a variety of animal-related regulations in effect. Because the law is continually evolving, always review an official source for the most current language of any statute.

1. Definition of “Animal”

VA. CODE ANN. § 3.2-6500. Definitions.

As used in this chapter unless the context requires a different meaning:

“Abandon” means to desert, forsake, or absolutely give up an animal without having secured another owner or custodian for the animal or by failing to provide the elements of basic care as set forth in § 3.2-6503 for a period of four consecutive days.

“Adequate care” or “care” means the responsible practice of good animal husbandry, handling, production, management, confinement, feeding, watering, protection, shelter, transportation, treatment, and, when necessary, euthanasia, appropriate for the age, species, condition, size and type of the animal and the provision of veterinary care when needed to prevent suffering or impairment of health.

“Adequate exercise” or “exercise” means the opportunity for the animal to move sufficiently to maintain normal muscle tone and mass for the age, species, size, and condition of the animal.

“Adequate feed” means access to and the provision of food that is of sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize contamination by excrement and pests; and is provided at suitable intervals for the species, age, and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

“Adequate shelter” means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental to the species; during hot weather, is properly shaded and does not readily conduct heat; during cold weather, has a windbreak at its entrance and provides a quantity of bedding material consisting of hay, cedar shavings, or the equivalent that is sufficient to protect the animal from cold and promote the retention of body heat; and, for dogs and cats, provides a solid surface, resting platform, pad, floormat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. Under this chapter, shelters whose wire, grid, or slat floors: (i) permit the animals’ feet to pass through the openings; (ii) sag under the animals’ weight; or (iii) otherwise do not protect the animals’ feet or toes from injury are not adequate shelter. The outdoor tethering of an animal shall not constitute the provision of adequate shelter (a) unless the animal is safe from predators and well suited and well equipped to tolerate its environment; (b) during the effective period for a hurricane warning or tropical
storm warning issued for the area by the National Weather Service; or (c)(1) during a heat advisory issued by a local or state authority, (2) when the actual or effective outdoor temperature is 85 degrees Fahrenheit or higher or 32 degrees Fahrenheit or lower, or (3) during the effective period for a severe weather warning issued for the area by the National Weather Service, including a winter storm, tornado, or severe thunderstorm warning, unless an animal control officer, having inspected an animal's individual circumstances in clause (c)(1), (2), or (3), has determined the animal to be safe from predators and well suited and well equipped to tolerate its environment.

“Adequate space” means sufficient space to allow each animal to: (i) easily stand, sit, lie, turn about, and make all other normal body movements in a comfortable, normal position for the animal; and (ii) interact safely with other animals in the enclosure. When an animal is tethered, “adequate space” means that the tether to which the animal is attached permits the above actions and is appropriate to the age and size of the animal; is attached to the animal by a properly applied collar, halter, or harness that is configured so as to protect the animal from injury and prevent the animal or tether from becoming entangled with other objects or animals, or from extending over an object or edge that could result in the strangulation or injury of the animal; is at least 15 feet in length or four times the length of the animal, as measured from the tip of its nose to the base of its tail, whichever is greater, except when the animal is being walked on a leash or is attached by a tether to a lead line; or when an animal control officer, having inspected an animal’s individual circumstances, has determined that in such an individual case, a tether of at least 10 feet or three times the length of the animal, but shorter than 15 feet or four times the length of the animal, makes the animal more safe, more suited, and better equipped to tolerate its environment than a longer tether; does not, by its material, size, or weight or any other characteristic, cause injury or pain to the animal; does not weigh more than one-tenth of the animal’s body weight; and does not have weights or other heavy objects attached to it. The walking of an animal on a leash by its owner shall not constitute the tethering of the animal for the purpose of this definition. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space. The provisions of this definition that relate to tethering shall not apply to agricultural animals.

“Adequate water” means provision of and access to clean, fresh, potable water of a drinkable temperature that is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles that are accessible to each animal and are placed so as to minimize contamination of the water by excrement and pests or an alternative source of hydration consistent with generally accepted husbandry practices.

“Adequate care” or “care” means the responsible practice of good animal husbandry, handling, production, management, confinement, feeding, watering, protection, shelter, transportation, treatment, and, when necessary, euthanasia, appropriate for the age, species, condition, size and type of the animal and the provision of veterinary care when needed to prevent suffering or impairment of health.

“Adequate exercise” or “exercise” means the opportunity for the animal to move sufficiently to maintain normal muscle tone and mass for the age, species, size, and condition of the animal.

“Adequate feed” means access to and the provision of food that is of sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize contamination by excrement and pests; and is provided at suitable intervals for the species, age, and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

“Adequate shelter” means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental to the species; during hot weather, is properly shaded and does not readily conduct heat; during cold weather, has a windbreak at its entrance and provides a quantity of bedding material consisting of hay, cedar shavings, or the equivalent that is sufficient to protect the animal from cold and promote the retention of body heat; and, for dogs and cats, provides a solid surface, resting platform, pad, floormat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. Under this chapter, shelters whose wire, grid, or slat floors: (i) permit the animals’ feet to pass through the openings; (ii) sag under the animals’ weight; or (iii) otherwise do not protect the animals’ feet or toes from injury are not adequate shelter. The outdoor tethering of an animal shall not constitute the provision of adequate shelter (a) unless the animal is safe from predators and well suited and well equipped to tolerate its environment; (b) during the effective period for a hurricane warning or tropical
storm warning issued for the area by the National Weather Service; or (c)(1) during a heat advisory issued by a local or state authority, (2) when the actual or effective outdoor temperature is 85 degrees Fahrenheit or higher or 32 degrees Fahrenheit or lower, or (3) during the effective period for a severe weather warning issued for the area by the National Weather Service, including a winter storm, tornado, or severe thunderstorm warning, unless an animal control officer, having inspected an animal’s individual circumstances in clause (c)(1), (2), or (3), has determined the animal to be safe from predators and well suited and well equipped to tolerate its environment.

“Adequate space” means sufficient space to allow each animal to: (i) easily stand, sit, lie, turn about, and make all other normal body movements in a comfortable, normal position for the animal; and (ii) interact safely with other animals in the enclosure. The walking of an animal on a leash by its owner shall not constitute the tethering of the animal for the purpose of this definition. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space. The provisions of this definition that relate to tethering shall not apply to agricultural animals.

“Adequate water” means provision of and access to clean, fresh, potable water of a drinkable temperature that is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles that are accessible to each animal and are placed so as to minimize contamination of the water by excrement and pests or an alternative source of hydration consistent with generally accepted husbandry practices.

document the basis for the report. All persons required by this subsection to report
suspected abuse or neglect who maintain a record of a child who is the subject of such a
report shall cooperate with the investigating agency and shall make related information,
records and reports available to the investigating agency unless such disclosure violates

maternal abuse of a controlled substance during pregnancy; or (iii) a diagnosis made by
a health care provider within four years following a child’s birth that the child has a fetal
alcohol spectrum disorder attributable to in utero exposure to alcohol. When “reason to
suspect” is based upon this subsection, such fact shall be included in the report along
with the facts relied upon by the person making the report. Such reports shall not
constitute a per se finding of child abuse or neglect. If a health care provider in a
licensed hospital makes any finding or diagnosis set forth in clause (i), (ii), or (iii), the
hospital shall require the development of a written discharge plan under protocols
established by the hospital pursuant to subdivision B 6 of § 32.1-127.

C. Any person who makes a report or provides records or information pursuant to
subsection A or who testifies in any judicial proceeding arising from such report, records,
or information shall be immune from any civil or criminal liability or administrative
penalty or sanction on account of such report, records, information, or testimony, unless
such person acted in bad faith or with malicious purpose.

After executing the warrant, the animal control officer, humane investigator, law-enforcement officer, or State Veterinarian’s representative shall return the warrant to the clerk of the circuit court of the city or county wherein the search was made.

VA. CODE ANN. § 3.2-6569. Seizure and impoundment of animals; notice and hearing; disposition of animal; disposition of proceeds upon sale.

A. Any humane investigator, law-enforcement officer or animal control officer may lawfully seize and impound any animal that has been abandoned, has been cruelly treated, or is suffering from an apparent violation of this chapter that has rendered the animal in such a condition as to constitute a direct and immediate threat to its life, safety or health. The seizure or impoundment of an equine resulting from a violation of clause (iv) of subsection A or clause (ii) of subsection B of § 3.2-6570 may be undertaken only by the State Veterinarian or State Veterinarian’s representative who has received training in the examination and detection of sore horses as required by 9 C.F.R. Part 11.7.

B. Before seizing or impounding any agricultural animal, the humane investigator, law-enforcement officer or animal control officer shall contact the State Veterinarian or State Veterinarian’s representative, who shall recommend to the person the most appropriate action for effecting the seizure and impoundment. The humane investigator, law-enforcement officer or animal control officer shall notify the owner of the agricultural animal and the local attorney for the Commonwealth of the recommendation. The humane investigator, law-enforcement officer or animal control officer may impound the agricultural animal on the land where the agricultural animal is located if:
1. The owner or tenant of the land where the agricultural animal is located gives written permission;
2. A general district court so orders; or
3. The owner or tenant of the land where the agricultural animal is located cannot be immediately located, and it is in the best interest of the agricultural animal to be impounded on the land where it is located until the written permission of the owner or tenant of the land can be obtained.

If there is a direct and immediate threat to an agricultural animal, the humane investigator, law-enforcement officer or animal control officer may seize the animal, in which case the humane investigator, law-enforcement officer or animal control officer shall file within five business days on a form approved by the State Veterinarian a report on the condition of the animal at the time of the seizure, the location of impoundment, and any other information required by the State Veterinarian.

C. Upon seizing or impounding an animal, the humane investigator, law-enforcement officer or animal control officer shall petition the general district court in the city or county where the animal is seized for a hearing. The hearing shall be not more than 10 business days from the date of the seizure of the animal. The hearing shall be to determine whether the animal has been abandoned, has been cruelly treated, or has not been provided adequate care.

D. The humane investigator, law-enforcement officer, or animal control officer shall cause to be served upon the person with a right of property in the animal or the custodian of the animal notice of the hearing. If such person or the custodian is known and residing within the jurisdiction wherein the animal is seized, written notice shall be given at least five days prior to the hearing of the time and place of the hearing. If such person or the custodian is known but residing out of the jurisdiction where such animal is seized, written notice by any method or service of process as is provided by the Code of Virginia shall be given. If such person or the custodian is not known, the humane investigator, law-enforcement officer, or animal control officer shall cause to be published in a newspaper of general circulation in the jurisdiction wherein such animal is seized notice of the hearing at least one time prior to the hearing and shall further cause notice of the hearing to be posted at least five days prior to the hearing at the place provided for public notices at the city hall or courthouse wherein such hearing shall be held.

E. The procedure for appeal and trial shall be the same as provided by law for misdemeanors. Trial by jury shall be as provided in Article 4 (§ 19.2-260 et seq.) of Chapter 15 of Title 19.2. The Commonwealth shall be required to prove its case beyond a reasonable doubt.

F. The humane investigator, law-enforcement officer, or animal control officer shall provide for such animal until the court has concluded the hearing. Any locality may require the owner of any animal held pursuant to this subsection for more than 30 days to post a bond in surety with the locality for the amount of the cost of boarding the animal for a period of time set by ordinance, not to exceed nine months.
In any locality that has not adopted such an ordinance, a court may order the owner of an animal held pursuant to this subsection for more than 30 days to post a bond in surety with the locality for the amount of the cost of boarding the animal for a period of time not to exceed nine months. The bond shall not be forfeited if the owner is found to be not guilty of the violation.

If the court determines that the animal has been neither abandoned, cruelly treated, nor deprived of adequate care, the animal shall be returned to the owner. If the court determines that the animal has been (i) abandoned or cruelly treated, (ii) deprived of adequate care, as that term is defined in § 3.2-6500, or (iii) raised as a dog that has been, is, or is intended to be used in dogfighting in violation of § 3.2-6571, then the court shall order that the animal may be: (a) sold by a local governing body, if not a companion animal; (b) disposed of by a local governing body pursuant to subsection D of § 3.2-6546, whether such animal is a companion animal or an agricultural animal; or (c) delivered to the person with a right of property in the animal as provided in subsection G.

G. In no case shall the owner be allowed to purchase, adopt, or otherwise obtain the animal if the court determines that the animal has been abandoned, cruelly treated, or deprived of adequate care. The court shall direct that the animal be delivered to the person with a right of property in the animal, upon his request, if the court finds that the abandonment, cruel treatment, or deprivation of adequate care is not attributable to the actions or inactions of such person.

H. The court shall order the owner of any animal determined to have been abandoned, cruelly treated, or deprived of adequate care to pay all reasonable expenses incurred in caring and providing for such animal from the time the animal is seized until such time that the animal is disposed of in accordance with the provisions of this section, to the provider of such care.

I. The court may prohibit the possession or ownership of other companion animals by the owner of any companion animal found to have been abandoned, cruelly treated, or deprived of adequate care. In making a determination to prohibit the possession or ownership of companion animals, the court may take into consideration the owner’s past record of convictions under this chapter or other laws prohibiting cruelty to animals or pertaining to the care or treatment of animals and the owner’s mental and physical condition.

VA. CODE ANN. § 3.2-6569. Seizure and impoundment of animals; notice and hearing; disposition of animal; disposition of proceeds upon sale.

A. Any humane investigator, law-enforcement officer or animal control officer may lawfully seize and impound any animal that has been abandoned, has been cruelly treated, or is suffering from an apparent violation of this chapter that has rendered the animal in such a condition as to constitute a direct and immediate threat to its life, safety or health. The seizure or impoundment of an equine resulting from a violation of clause (iv) of subsection A or clause (ii) of subsection B of § 3.2-6570 may be undertaken only by the State Veterinarian or State Veterinarian’s representative who has received training in the examination and detection of sore horses as required by 9 C.F.R. Part 11.7.

B. Before seizing or impounding any agricultural animal, the humane investigator, law-enforcement officer or animal control officer shall contact the State Veterinarian or State Veterinarian’s representative, who shall recommend to the person the most appropriate action for effecting the seizure and impoundment. The humane investigator, law-enforcement officer or animal control officer shall notify the owner of the agricultural animal and the local attorney for the Commonwealth of the recommendation. The humane investigator, law-enforcement officer or animal control officer may impound the agricultural animal on the land where the agricultural animal is located if:

1. The owner or tenant of the land where the agricultural animal is located gives written permission;
2. A general district court so orders; or
3. The owner or tenant of the land where the agricultural animal is located cannot be immediately located, and it is in the best interest of the agricultural animal to be impounded on the land where it is located until the written permission of the owner or tenant of the land can be obtained.

If there is a direct and immediate threat to an agricultural animal, the humane investigator, law-enforcement officer or animal control officer may seize the animal, in which case the humane investigator, law-enforcement officer or animal control officer shall file within five business days on a form approved by the State Veterinarian a report on the condition of the animal at the time of the seizure, the location of impoundment, and any other information required by the State Veterinarian.

C. Upon seizing or impounding an animal, the humane investigator, law-enforcement officer or animal control officer shall petition the general district court in the city or county where the animal is seized for a hearing. The hearing shall be not more than 10 business days from the date of the seizure of the animal. The hearing shall be to determine whether the animal has been abandoned, has been cruelly treated, or has not been provided adequate care.
D. The humane investigator, law-enforcement officer, or animal control officer shall cause to be served upon the person with a right of property in the animal or the custodian of the animal notice of the hearing. If such person or the custodian is known and residing within the jurisdiction wherein the animal is seized, written notice shall be given at least five days prior to the hearing of the time and place of the hearing. If such person or the custodian is known but residing out of the jurisdiction where such animal is seized, written notice by any method or service of process as is provided by the Code of Virginia shall be given. If such person or the custodian is not known, the humane investigator, law-enforcement officer, or animal control officer shall cause to be published in a newspaper of general circulation in the jurisdiction wherein such animal is seized notice of the hearing at least one time prior to the hearing and shall further cause notice of the hearing to be posted at least five days prior to the hearing at the place provided for public notices at the city hall or courthouse wherein such hearing shall be held.

E. The procedure for appeal and trial shall be the same as provided by law for misdemeanors. Trial by jury shall be as provided in Article 4 (§ 19.2-260 et seq.) of Chapter 15 of Title 19.2. The Commonwealth shall be required to prove its case beyond a reasonable doubt.

F. The humane investigator, law-enforcement officer, or animal control officer shall provide for such animal until the court has concluded the hearing. Any locality may require the owner of any animal held pursuant to this subsection for more than 30 days to post a bond in surety with the locality for the amount of the cost of boarding the animal for a period of time set by ordinance, not to exceed nine months. In any locality that has not adopted such an ordinance, a court may order the owner of an animal held pursuant to this subsection for more than 30 days to post a bond in surety with the locality for the amount of the cost of boarding the animal for a period of time not to exceed nine months. The bond shall not be forfeited if the owner is found to be not guilty of the violation.

If the court determines that the animal has been neither abandoned, cruelly treated, nor deprived of adequate care, the animal shall be returned to the owner. If the court determines that the animal has been (i) abandoned or cruelly treated, (ii) deprived of adequate care, as that term is defined in § 3.2-6500, or (iii) raised as a dog that has been, is, or is intended to be used in dogfighting in violation of § 3.2-6571, then the court shall order that the animal may be: (a) sold by a local governing body, if not a companion animal; (b) disposed of by a local governing body pursuant to subsection D of § 3.2-6546, whether such animal is a companion animal or an agricultural animal; or (c) delivered to the person with a right of property in the animal as provided in subsection G.

G. In no case shall the owner be allowed to purchase, adopt, or otherwise obtain the animal if the court determines that the animal has been abandoned, cruelly treated, or deprived of adequate care. The court shall direct that the animal be delivered to the person with a right of property in the animal, upon his request, if the court finds that the abandonment, cruel treatment, or deprivation of adequate care is not attributable to the actions or inactions of such person.
H. The court shall order the owner of any animal determined to have been abandoned, cruelly treated, or deprived of adequate care to pay all reasonable expenses incurred in caring and providing for such animal from the time the animal is seized until such time that the animal is disposed of in accordance with the provisions of this section, to the provider of such care.

I. The court may prohibit the possession or ownership of other companion animals by the owner of any companion animal found to have been abandoned, cruelly treated, or deprived of adequate care. In making a determination to prohibit the possession or ownership of companion animals, the court may take into consideration the owner’s past record of convictions under this chapter or other laws prohibiting cruelty to animals or pertaining to the care or treatment of animals and the owner’s mental and physical condition.

J. If the court finds that an agricultural animal has been abandoned or cruelly treated, the court may prohibit the possession or ownership of any other agricultural animal by the owner of the agricultural animal if the owner has exhibited a pattern of abandoning or cruelly treating agricultural animals as evidenced by previous convictions of violating § 3.2-6504 or 3.2-6570. In making a determination to prohibit the possession or ownership of agricultural animals, the court may take into consideration the owner’s mental and physical condition.

K. Any person who is prohibited from owning or possessing animals pursuant to subsection I or J may petition the court to repeal the prohibition after two years have elapsed from the date of entry of the court’s order. The court may, in its discretion, repeal the prohibition if the person can prove to the satisfaction of the court that the cause for the prohibition has ceased to exist.

L. When a sale occurs, the proceeds shall first be applied to the costs of the sale then next to the unreimbursed expenses for the care and provision of the animal, and the remaining proceeds, if any, shall be paid over to the owner of the animal. If the owner of the animal cannot be found, the proceeds remaining shall be paid into the Literary Fund.

M. Nothing in this section shall be construed to prohibit the humane destruction of a critically injured or ill animal for humane purposes by the impounding humane investigator, law-enforcement officer, animal control officer, or licensed veterinarian.

**VA. CODE ANN. § 3.2-6569. Seizure and impoundment of animals; notice and hearing; disposition of animal; disposition of proceeds upon sale.**

A. Any humane investigator, law-enforcement officer or animal control officer may lawfully seize and impound any animal that has been abandoned, has been cruelly treated, or is suffering from an apparent violation of this chapter that has rendered the animal in such a condition as to constitute a direct and immediate threat to its life, safety or health. The seizure or impoundment of an equine resulting from a violation of clause (iv) of subsection A or clause (ii) of subsection B of § 3.2-6570 may be undertaken only by the State Veterinarian or State Veterinarian’s representative who has received training in the examination and detection of sore horses as required by 9 C.F.R. Part 11.7.

B. Before seizing or impounding any agricultural animal, the humane investigator, law-enforcement officer or animal control officer shall contact the State Veterinarian or State Veterinarian’s representative, who shall recommend to the person the most appropriate action for effecting the seizure and impoundment. The humane investigator, law-enforcement officer or animal control officer shall notify the owner of the agricultural animal and the local attorney for the Commonwealth of the recommendation. The humane investigator, law-enforcement officer or animal control officer may impound the agricultural animal on the land where the agricultural animal is located if:

1. The owner or tenant of the land where the agricultural animal is located gives written permission;
2. A general district court so orders; or
3. The owner or tenant of the land where the agricultural animal is located cannot be immediately located, and it is in the best interest of the agricultural animal to be impounded on the land where it is located until the written permission of the owner or tenant of the land can be obtained.
If there is a direct and immediate threat to an agricultural animal, the humane investigator, law-enforcement officer or animal control officer may seize the animal, in which case the humane investigator, law-enforcement officer or animal control officer shall file within five business days on a form approved by the State Veterinarian a report on the condition of the animal at the time of the seizure, the location of impoundment, and any other information required by the State Veterinarian.

C. Upon seizing or impounding an animal, the humane investigator, law-enforcement officer or animal control officer shall petition the general district court in the city or county where the animal is seized for a hearing. The hearing shall be not more than 10 business days from the date of the seizure of the animal. The hearing shall be to determine whether the animal has been abandoned, has been cruelly treated, or has not been provided adequate care.

D. The humane investigator, law-enforcement officer, or animal control officer shall cause to be served upon the person with a right of property in the animal or the custodian of the animal notice of the hearing. If such person or the custodian is known and residing within the jurisdiction wherein the animal is seized, written notice shall be given at least five days prior to the hearing of the time and place of the hearing. If such person or the custodian is known but residing out of the jurisdiction where such animal is seized, written notice by any method or service of process as is provided by the Code of Virginia shall be given. If such person or the custodian is not known, the humane investigator, law-enforcement officer, or animal control officer shall cause to be published in a newspaper of general circulation in the jurisdiction wherein such animal is seized notice of the hearing at least one time prior to the hearing and shall further cause notice of the hearing to be posted at least five days prior to the hearing at the place provided for public notices at the city hall or courthouse wherein such hearing shall be held.

E. The procedure for appeal and trial shall be the same as provided by law for misdemeanors. Trial by jury shall be as provided in Article 4 (§ 19.2-260 et seq.) of Chapter 15 of Title 19.2. The Commonwealth shall be required to prove its case beyond a reasonable doubt.

F. The humane investigator, law-enforcement officer, or animal control officer shall provide for such animal until the court has concluded the hearing. Any locality may require the owner of any animal held pursuant to this subsection for more than 30 days to post a bond in surety with the locality for the amount of the cost of boarding the animal for a period of time set by ordinance, not to exceed nine months. In any locality that has not adopted such an ordinance, a court may order the owner of an animal held pursuant to this subsection for more than 30 days to post a bond in surety with the locality for the amount of the cost of boarding the animal for a period of time not to exceed nine months. The bond shall not be forfeited if the owner is found to be not guilty of the violation.

If the court determines that the animal has been neither abandoned, cruelly treated, nor deprived of adequate care, the animal shall be returned to the owner. If the court determines that the animal has been (i) abandoned or cruelly treated, (ii) deprived of adequate care, as that term is defined in § 3.2-6500, or (iii) raised as a dog that has
been, is, or is intended to be used in dogfighting in violation of § 3.2-6571, then the court shall order that the animal may be: (a) sold by a local governing body, if not a companion animal; (b) disposed of by a local governing body pursuant to subsection D of § 3.2-6546, whether such animal is a companion animal or an agricultural animal; or (c) delivered to the person with a right of property in the animal as provided in subsection G.

G. In no case shall the owner be allowed to purchase, adopt, or otherwise obtain the animal if the court determines that the animal has been abandoned, cruelly treated, or deprived of adequate care. The court shall direct that the animal be delivered to the person with a right of property in the animal, upon his request, if the court finds that the abandonment, cruel treatment, or deprivation of adequate care is not attributable to the actions or inactions of such person.

H. The court shall order the owner of any animal determined to have been abandoned, cruelly treated, or deprived of adequate care to pay all reasonable expenses incurred in caring and providing for such animal from the time the animal is seized until such time that the animal is disposed of in accordance with the provisions of this section, to the provider of such care.

I. The court may prohibit the possession or ownership of other companion animals by the owner of any companion animal found to have been abandoned, cruelly treated, or deprived of adequate care. In making a determination to prohibit the possession or ownership of companion animals, the court may take into consideration the owner’s past record of convictions under this chapter or other laws prohibiting cruelty to animals or pertaining to the care or treatment of animals and the owner’s mental and physical condition.

J. If the court finds that an agricultural animal has been abandoned or cruelly treated, the court may prohibit the possession or ownership of any other agricultural animal by the owner of the agricultural animal if the owner has exhibited a pattern of abandoning or cruelly treating agricultural animals as evidenced by previous convictions of violating § 3.2-6504 or 3.2-6570. In making a determination to prohibit the possession or ownership of agricultural animals, the court may take into consideration the owner’s mental and physical condition.

K. Any person who is prohibited from owning or possessing animals pursuant to subsection I or J may petition the court to repeal the prohibition after two years have elapsed from the date of entry of the court’s order. The court may, in its discretion, repeal the prohibition if the person can prove to the satisfaction of the court that the cause for the prohibition has ceased to exist.

L. When a sale occurs, the proceeds shall first be applied to the costs of the sale then next to the unreimbursed expenses for the care and provision of the animal, and the remaining proceeds, if any, shall be paid over to the owner of the animal. If the owner of the animal cannot be found, the proceeds remaining shall be paid into the Literary Fund.
M. Nothing in this section shall be construed to prohibit the humane destruction of a critically injured or ill animal for humane purposes by the impounding humane investigator, law-enforcement officer, animal control officer, or licensed veterinarian.

Such owner may be presumed to have taken necessary and appropriate action to defend his dog or cat and shall therefore be presumed not to have violated this subsection. The provisions of this subsection shall not overrule § 3.2-6540, 3.2-6540.1, or 3.2-6552.

ANIMAL PROTECTION LAWS OF VIRGINIA

18. CIVIL NUISANCE ABATEMENT

-----
VA. CODE ANN. § 3.2-6540. Control of dangerous dogs; penalties.

A. As used in this section, “dangerous dog” means:
   1. A canine or canine crossbreed that has bitten, attacked, or inflicted injury on a companion animal that is a dog or cat or killed a companion animal that is a dog or cat. A canine or canine crossbreed is not a dangerous dog if, upon investigation, a law-enforcement officer or animal control officer finds that (i) no serious physical injury as determined by a licensed veterinarian, has occurred to the dog or cat as a result of the attack or bite; (ii) both animals are owned by the same person; or (iii) such attack occurred on the property of the attacking or biting dog’s owner or custodian; or
   2. A canine or canine crossbreed that has bitten, attacked, or inflicted injury on a person. A canine or canine crossbreed is not a dangerous dog if, upon investigation, a law-enforcement officer or animal control officer finds that the injury inflicted by the canine or canine crossbreed upon a person consists solely of a single nip or bite resulting only in a scratch, abrasion, or other minor injury.

B. No dog shall be found to be a dangerous dog as a result of biting, attacking, or inflicting injury on a dog or cat while engaged with an owner or custodian as part of lawful hunting or participating in an organized, lawful dog handling event. No dog shall be found to be a dangerous dog if the court determines, based on the totality of the evidence before it, or for other good cause, that the dog is not dangerous or a threat to the community.

C. Any law-enforcement officer or animal control officer who has reason to believe that a canine or canine crossbreed within his jurisdiction is a dangerous dog may apply to a magistrate serving the jurisdiction for the issuance of a summons requiring the owner or custodian, if known, to appear before a general district court at a specified time. The summons shall advise the owner of the nature of the proceeding and the matters at issue. If a law-enforcement officer successfully makes an application for the issuance of a summons, he shall contact the local animal control officer and inform him of the location of the dog and the relevant facts pertaining to his belief that the dog is dangerous. The animal control officer shall confine the animal until such time as evidence shall be heard and a verdict rendered. If the animal control officer determines that the owner or custodian can confine the animal in a manner that protects the public safety, he may permit the owner or custodian to confine the animal until such time as evidence shall be heard and a verdict rendered. The court, through its contempt powers, may compel the owner, custodian, or harborer of the animal to produce the animal.

D. If, after hearing the evidence, the court finds that the animal is a dangerous dog, the court shall order the animal's owner to comply with the provisions of this section. The court, upon finding the animal to be a dangerous dog, may order the owner, custodian, or harborer thereof to pay restitution for actual damages to any person injured by the
animal or whose companion animal was injured or killed by the animal. The court, in its discretion, may also order the owner to pay all reasonable expenses incurred in caring and providing for such dangerous dog from the time the animal is taken into custody until such time as the animal is disposed of or returned to the owner.

E. If, after hearing the evidence, the court decides to defer further proceedings without entering an adjudication that the animal is a dangerous dog, it may do so, notwithstanding any other provision of this section. A court that defers further proceedings shall place specific conditions upon the owner of the dog. If the owner violates any of the conditions, the court may enter an adjudication that the animal is a dangerous dog and proceed as otherwise provided in this section. Upon fulfillment of the conditions, the court shall dismiss the proceedings against the animal and the owner without an adjudication that the animal is a dangerous dog.

F. The procedure for appeal and trial shall be the same as provided by law for misdemeanors. Trial by jury shall be as provided in Article 4 (§ 19.2–260 et seq.) of Chapter 15 of Title 19.2. The Commonwealth shall be required to prove its case beyond a reasonable doubt.

G. **No canine or canine crossbreed shall be found to be a dangerous dog solely because it is a particular breed, nor is the ownership of a particular breed of canine or canine crossbreed prohibited.**

H. No animal shall be found to be a dangerous dog if the threat, injury, or damage was sustained by a person who was (i) committing, at the time, a crime upon the premises occupied by the animal’s owner or custodian; (ii) committing, at the time, a willful trespass upon the premises occupied by the animal’s owner or custodian; or (iii) provoking, tormenting, or physically abusing the animal, or can be shown to have repeatedly provoked, tormented, abused, or assaulted the animal at other times. No police dog that was engaged in the performance of its duties as such at the time of the acts complained of shall be found to be a dangerous dog. No animal that, at the time of the acts complained of, was responding to pain or injury, or was protecting itself, its kennel, its offspring, a person, or its owner’s or custodian’s property, shall be found to be a dangerous dog.

I. If the owner of an animal found to be a dangerous dog is a minor, the custodial parent or legal guardian shall be responsible for complying with all requirements of this section.

J. The owner of any animal found to be a dangerous dog shall, within 30 days of such finding, obtain a dangerous dog registration certificate from the local animal control officer or treasurer for a fee of $150, in addition to other fees that may be authorized by law. The local animal control officer or treasurer shall also provide the owner with a uniformly designed tag that identifies the animal as a dangerous dog. The owner shall affix the tag to the animal’s collar and ensure that the animal wears the collar and tag at all times. By January 31 of each year, until such time as the dangerous dog is deceased, all certificates obtained pursuant to this subsection shall be updated and renewed for a fee of $85 and in the same manner as the initial certificate was obtained. The animal control officer shall post registration information on the Virginia Dangerous Dog Registry.
K. All dangerous dog registration certificates or renewals thereof required to be obtained under this section shall only be issued to persons 18 years of age or older who present satisfactory evidence (i) of the animal’s current rabies vaccination, if applicable; (ii) that the animal has been neutered or spayed; and (iii) that the animal is and will be confined in a proper enclosure or is and will be confined inside the owner’s residence or is and will be muzzled and confined in the owner’s fenced-in yard until the proper enclosure is constructed. In addition, owners who apply for certificates or renewals thereof under this section shall not be issued a certificate or renewal thereof unless they present satisfactory evidence that (a) their residence is and will continue to be posted with clearly visible signs warning both minors and adults of the presence of a dangerous dog on the property and (b) the animal has been permanently identified by means of electronic implantation. All certificates or renewals thereof required to be obtained under this section shall only be issued to persons who present satisfactory evidence that the owner has liability insurance coverage, to the value of at least $100,000, that covers animal bites. The owner may obtain and maintain a bond in surety, in lieu of liability insurance, to the value of at least $100,000.

L. While on the property of its owner, an animal found to be a dangerous dog shall be confined indoors or in a securely enclosed and locked structure of sufficient height and design to prevent its escape or direct contact with or entry by minors, adults, or other animals. While so confined within the structure, the animal shall be provided for according to § 3.2-6503. When off its owner’s property, an animal found to be a dangerous dog shall be kept on a leash and muzzled in such a manner as not to cause injury to the animal or interfere with the animal’s vision or respiration, but so as to prevent it from biting a person or another animal.

M. The owner shall cause the local animal control officer to be promptly notified of (i) the names, addresses, and telephone numbers of all owners; (ii) all of the means necessary to locate the owner and the dog at any time; (iii) any complaints or incidents of attack by the dog upon any person or cat or dog; (iv) any claims made or lawsuits brought as a result of any attack; (v) chip identification information; (vi) proof of insurance or surety bond; and (vii) the death of the dog.

N. After an animal has been found to be a dangerous dog, the animal’s owner shall immediately, upon learning of same, cause the local animal control authority to be notified if the animal (i) is loose or unconfined; (ii) bites a person or attacks another animal; or (iii) is sold, is given away, or dies. Any owner of a dangerous dog who relocates to a new address shall, within 10 days of relocating, provide written notice to the appropriate local animal control authority for the old address from which the animal has moved and the new address to which the animal has been moved.

O. Any owner or custodian of a canine or canine crossbreed or other animal is guilty of:
   1. Class 2 misdemeanor if the canine or canine crossbreed previously declared a dangerous dog pursuant to this section, when such declaration arose out of a separate and distinct incident, attacks and injures or kills a cat or dog that is a companion animal belonging to another person;
2. Class 1 misdemeanor if the canine or canine crossbreed previously declared a dangerous dog pursuant to this section, when such declaration arose out of a separate and distinct incident, bites a human being or attacks a human being causing bodily injury; or

3. Class 6 felony if any owner or custodian whose willful act or omission in the care, control, or containment of a canine, canine crossbreed, or other animal is so gross, wanton, and culpable as to show a reckless disregard for human life, and is the proximate cause of such dog or other animal attacking and causing serious bodily injury to any person.

The provisions of this subsection shall not apply to any animal that, at the time of the acts complained of, was responding to pain or injury, or was protecting itself, its kennel, its offspring, a person, or its owner’s or custodian’s property, or when the animal is a police dog that is engaged in the performance of its duties at the time of the attack.

P. The owner of any animal that has been found to be a dangerous dog who willfully fails to comply with the requirements of this section is guilty of a Class 1 misdemeanor. Whenever an owner or custodian of an animal found to be a dangerous dog is charged with a violation of this section, the animal control officer shall confine the dangerous dog until such time as evidence shall be heard and a verdict rendered. The court, through its contempt powers, may compel the owner, custodian, or harborer of the animal to produce the animal.

Upon conviction, the court may (i) order the dangerous dog to be disposed of by a local governing body pursuant to § 3.2-6562 or (ii) grant the owner up to 45 days to comply with the requirements of this section, during which time the dangerous dog shall remain in the custody of the animal control officer until compliance has been verified. If the owner fails to achieve compliance within the time specified by the court, the court shall order the dangerous dog to be disposed of by a local governing body pursuant to § 3.2-6562. The court, in its discretion, may order the owner to pay all reasonable expenses incurred in caring and providing for such dangerous dog from the time the animal is taken into custody until such time that the animal is disposed of or returned to the owner.

Q. All fees collected pursuant to this section, less the costs incurred by the animal control authority in producing and distributing the certificates and tags required by this section and fees due to the State Veterinarian for maintenance of the Virginia Dangerous Dog Registry, shall be paid into a special dedicated fund in the treasury of the locality for the purpose of paying the expenses of any training course required under § 3.2-6556.

R. The governing body of any locality may enact an ordinance parallel to this statute regulating dangerous dogs. No locality may impose a felony penalty for violation of such ordinances.
